Dr. Suraj Reddy, a native of New Mexico, completed his undergraduate degree at Emory University with honors and attended the University of New Mexico School of Medicine, where he also completed his first year internship. His residency in Dermatology was completed at the University of Texas Health Science Center in San Antonio, where he served as Chief Resident. He is well established as an author in the dermatologic literature. Dr. Reddy's studies and training have afforded him vast expertise in the diagnosis and treatment of the many thousands of diseases of the skin that can afflict the public for which he serves.

In addition, he has impeccable knowledge, experience and ability to provide the vast and increasing spectrum of cosmetic procedures such as laser assisted tattoo removal, Botox, and dermal fillers such as Restylane and Juvederm. Dr. Reddy is genuine and sincere in his approach to patients and will provide you with nothing but the best in dermatologic care.

Dr. Sky Connolly is a medical school graduate of Louisiana State University School of Medicine in New Orleans and has completed two full term residencies in Internal Medicine and Dermatology at the Universities of Utah and Minnesota, respectively. While in Minnesota, Dr. Connolly completed a fellowship dedicated to skin cancer removal surgery using the technique of Mohs Micrographic Surgery, in addition to expertise in the reconstruction of post Mohs surgery defects. He also served on the teaching staff while in Minnesota.

Several thousand cases later, Dr. Connolly has served the people of New Mexico and the surrounding states for 10 years. His approach to patient care is on a personal level, and he provides his patients with pre-operative consultations so that diagnoses, prognosis, treatment options and potential outcomes can all be discussed and tailored to your personal needs.

Dr. Connolly and Dr. Reddy are certified by the American Board of Dermatology and are Fellows of the American Academy of Dermatology. Our dermatology staff, including Colette DeMarrias, is the most experienced in Albuquerque and share the same goals of optimal patient care as the physicians they work with.

Dr. Suraj Reddy & Dr. Sky Connolly
